Flagger Training

10 messages

Keri Miller <kerimiller.greggtownship@gmail.com>

Fri, Mar 2, 2018 at 4:14 PM

To: casey@constablegrove.com

Good afternoon, Mr. Grove.

I received a township association email that has a list of Flagger Training and certification courses over the next few months in varying counties and wanted to pass the information along in case you were interested. I know you helped with traffic control at an accident scene on Lower George's Valley Rd a little over a month ago. Let me know and I will get the dates and locations to you. I don't believe they are close but I could also keep you informed if anything closer comes up.

Hope you are having a good day.

Keri Miller
Board of Supervisors, Chair
Gregg Township, Centre County

Constable Grove <casey@constablegrove.com>

Sun, Mar 4, 2018 at 9:45 AM

To: kerimiller.greggtownship@gmail.com

Supervisor Miller, on one hand you reach out with a training announcement to me, and on the other, the "Board of Supervisors" recently communicated to representatives in Harrisburg to have me disavowed as a Constable. Obviously, these two contradicting behaviors make it very confusing for me to understand what it is that you want.

FYI, I have written proof of this attempt to disavow me by the BOS. So, I caution you that if your next step is to bring in a member of a Constables Association or another Constable to a BOS meeting, you should know the following before doing so...

The solicitor for one of the Constables associations has been turned into the PA Bar for libelous comments following the BOS communications to Harrisburg. Other association leadership is facing felony charges for things like perjury and creating illegal search and rescue teams to skirt the law. A local regional director has been identified as not fulfilling his statutory duties to be at the polls during elections because he wanted to get paid. Be aware that these associations are not State Boards of Constables. They are only membership groups that have no authority over anyone and are seemingly only interested in lobbying for their legislation and performing secondary Constable work for the courts. I would be very cautious if you still plan to invite one of these associations to an upcoming BOS meeting to explain what a Constable does. I am not a member of these associations. I am a Constable and I can explain what I am going to do and what a Constable does. If you go that path, I am prepared to blow the lid off of them and your BOS if you do so. Respectfully, I don't think that is the type of attention our township needs right now.

Something to think about for you: If the person you were handing out cards for to vote as write-in Constable would have won the election, would you have taken issue with him being on the agenda, having his website linked on the township site, or even his phone number available for his community?

FYI, I did not respond to an accident scene on LGVR.

Thank you,

Constable Grove

Mr. Grove,

My apologies, wrong road. I meant Upper Georges Valley Rd for a CO alarm as the Fire Company noted on their Facebook page. If there is something I feel is beneficial to the safety of our township that pertains to you and can help us work together as community members, I will certainly pass it along. You of course can tell me if you desire otherwise.

I am curious as to what written proof you have of the "Board of Supervisors" trying to disavow you with representatives in Harrisburg. As you know from attending our meetings, the board has made no statements or decisions regarding the constable other than that you can notify us if there is something you would like to report on. Individually, we are certainly able to research the position of constable.

As for the discussion of constable at upcoming meetings, I personally have no plans to have a different constable or constable association speak. I can't speak for the other two supervisors. In my own research on the subject, I have discovered that there are so many varying opinions even with in the constable associations as well as the government. What concrete information I do have, is what the PA State law regarding constables says. At the upcoming meeting, when we get to the unfinished business regarding the constable, I intend on having you share with the BOS what you believe the purpose and responsibilities of your position are. Will you be available for that? Again, I can not speak for the other supervisors. Thank you for passing along that information.

The boards that give regular reports at the Board of Supervisors meetings are boards that are directly tied to the responsibilities of the BOS and running the business of the township. The business of the township does not include the constable, therefore does not fit the expectation for a regular report. You are welcome to notify us if there is something pertinent to the business of the township to report on or be placed as an agenda item at our discretion, otherwise you certainly can use public comment time to speak about your position.

Thank you,

Keri Miller
Board of Supervisors, Chair
Gregg Township, Centre County

Yes Keri, of course I am willing to speak at the meeting. I asked you to speak at the meeting.

Please completely fill me in on the vandalism at the Ball Field that you posted on FB yesterday.

When did this happen and when was it reported to the township? Has it been reported to the PSP?

Thank you,

Constable Grove

This lack of communication to me as Constable is quite disappointing and concerning Keri. You email me about flagger training, but don't message me about vandalism that you write has been going on for weeks in the village. You want to wait until a public meeting to inform me???

Ms. Higgins,

I have some video to submit. I understand the Commonwealth servers will not allow that, so I called the OOR about this. Are you able to view YouTube on your computer? If so, I can upload it there. If not, I will need to mail it on a disk.

Subject: AP 2018-0220 Petition for Reconsideration

To: "Wolfe, Jill" <jiwolfe@pa.gov>

Cc: Jennifer Snyder <secretary@greggtownship.org>, "dgaines@mkclaw.com" <dgaines@mkclaw.com>

Ms. Wolfe,

I respectfully request a reconsideration of this Final Determination for the following reasons:

1) The township has not provided ANY text messages responsive to this request. The township claims to have interpreted the request as having a different date range. In #6 of Jennifer Snyder's Attestation, she attests that she "provided all such information between December 1, 2017, and January 5, 2018." She has not provided ANY text messages from the time span I asked for, nor has she attested to searching for records responsive to that part of the request. In the Solicitor's response, he states that "it stands to reason that Ms. Grove's reference in her request to '1/5/2017,' which preceded the start date on '2/1/2017,' was a typographical error." It was not a typographical error, as stated in my appeal. I submitted another RTK request on January 7th for more recent text messages, which she granted on January 9th (almost a full month before she provided records in response to this request). It is not reasonable to assume that I would request the same exact records twice in a row. If I had, I believe they would have said so during this appeal. Instead, they argued that I meant to type a different date span.

2) The township HAS provided cell phone usage records in the recent past that were NOT provided this time. I would be happy to provide those documents if this issue is reconsidered. There is no reason they would have had those kind of records months ago and not now.

3) I am able to download months of detailed call logs from Verizon Wireless. Jennifer did not say she checked the Verizon website for call logs. In #9 of Jennifer's Attestation, she states that "the Township does not receive 'phone detail,' as Ms. Grove suspects." Based on previous communications by her I believe this is a semantics game, meaning that Verizon does not MAIL her a copy of the phone call log. That does not mean a call log is not in her custody or control.

4) The township has a history of non-compliance with the Right-to-Know Law. The township has previously destroyed a requested public record after it was requested, ignored a court order to provide records within 30 days, testified to the court that records no longer exist (before finally providing the "nonexistent" records after a Motion for Reconsideration was filed), and has not complied with multiple OOR Final Determinations from months ago.

Thank you for your consideration.

Michelle Grove

Subject: AP 2018-0507 Submission

To: <kahiggins@pa.gov>, Jennifer Snyder <secretary@greggtownship.org>

Ms. Higgins,

The records in question are:

- 2017 **Minutes for Water & Sewer Authority Meetings**
- Current **Employee Handbook** and **Job Descriptions** IF newer than 2012.

I am attaching the PDF of the responsive records Jennifer sent me. One page 1 under "OLD BUSINESS," a "part-time position township employee" was created by the Sewer Authority. It is then stated, "Laron requested Gil ask the Supervisors to write an approve a specific job description for this part-time water and sewer system maintenance township employee."

These are the ONLY minutes that were provided responsive to my request. There was no Job Description provided to me for this new position.

On page 3, the Board of Supervisors made a motion to update a policy in the employee handbook. *The updated employee handbook was not provided.*

I am seeking those three items in this appeal.

The Water & Sewer Authority meet in the municipal building's meeting room. The building is also known as the Old Gregg School. The meetings are advertised by Gregg Township. There is no other place for the public to inspect records of the Water & Sewer Authority. The authorities do not have a website. Water Quality Reports are posted on the Gregg Township website. There is no email address available for either authority. My husband asked for Sewer Authority Chair Gil Morrison's email address and it was not given to him. The phone numbers that were published on the Gregg Township website for these authorities are:

Gregg Township Water Authority Billing Questions: Integrity Accounting 814-422-8200

Water Board Tom Stitzer – Chairman 814-422-8642 Sewer Authority Board Gil Morrison – Chairman 814-422-8779 or 814-360-2276

I called Gil Morrison on March 22nd at 4:49 PM to ask him how someone would obtain the meeting minutes, since Jennifer Snyder only sent me one. He told me I called his private phone and suggested I call Integrity Accounting. Integrity Accounting is a private business that is literally 2/10 of a mile from the municipal building (across the main road). I have attached a map. I stopped in to Integrity Accounting on the way to the township office on March 23rd, and they told me they were informed there was a RTK Request for minutes, so they immediately sent the requested minutes over to the township. I assume Gil Morrison contacted Integrity Accounting after I called him, because Jennifer Snyder said she did not.

I have uploaded two videos of the Secretary/Open Records Officer asking my husband and I to fill out disruptive requests. I have also attached an attestation indicating when the videos were recorded. **[I originally tried to attach these videos to this email, so the attestation states they are attached.]** This repeated behavior by Jennifer Snyder is part of a

larger scheme to defame our characters, as retaliation for requesting public records. In the 2018-03-23 video, Secretary/Open Records Officer Jennifer Snyder admits she did not ask for these minutes to be sent over. She said the minutes were emailed to her after my husband asked for Gil's email address. She asked me if I would tell people if she gave them to me without a second RTK Request. I said I would, so she said I would have to fill out a 2nd (disruptive) request for them. After some discussion about the RTKL and the cost of appeals, she finally said she would email them to me. She has not.

The 1st video (2017-04-10): <https://youtu.be/fsos7yC2dBw>

The 2nd video (2018-03-23): <https://youtu.be/uxo4WvLwvI0>

It is possible the township will provide these records in the next few hours, or by mail, so that this Final Determination will be ruled "moot." I did check my mail today, but in a previous appeal (2018-0201) the township submitted argument by mail and I did not receive it until after the FD. Maybe the mail was extra-slow that time, but the OOR directed the township to provide a supplemental affidavit in 2017-1433, and the township took no action.

The township is currently publishing RTK Requests and Final Determinations on their website and Board of Supervisors meeting agendas. They are not publishing their responses or responsive records. [I requested an Advisory Opinion from the OOR on March 14th about this.] The township is also discussing the "burden" of my RTK Requests in public meetings.

The Chair of the Sewer Authority (Gil Morrison) has apparently decided to join in this retaliatory circus of drama (over public records requests). I also recorded this (<https://youtu.be/LA37LhIZRJ8>) at the Sewer Authority meeting on March 26, 2018. Relevant to this appeal, Gil announces that they are following the township's meeting policies. After I refused to make an announcement that I was recording, he announced he was recording. It appears he video recorded my husband and I attending the meeting. Shenanigans like this are typical at Board of Supervisors meetings, but I had never seen a stunt like this at a Sewer Authority meeting until I requested their minutes from the township.

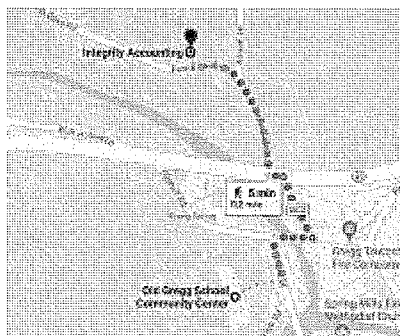

There are currently two OOR Final Determinations that have still not been complied with: **2017-0018** and **2017-1433**. In another case stemming from AP 2016-1837, the Court of Common Pleas directed the township to turn over the responsive records that were not destroyed after they were requested (the controversial record was destroyed). The township did not comply, and another hearing was requested to enforce the court order. The township then stated that the remaining records were destroyed long ago. After that hearing, Secretary/Open Records Officer Jennifer Snyder admitted to me that they were not destroyed, so a third hearing was scheduled. The township turned over the records at that point.

This is an ongoing pattern of Gregg Township, to make my husband and I jump through hoops for months or longer in order to obtain simple things like public meeting minutes. In a recent example, I submitted a RTK Request by email on the morning of March 27th that has not been responded to. It has been 6 days. That request is for records related to this, including: the recording Gil Morrison took of the meeting, and correspondence with a resident who was apparently told by someone that we have cost the township over \$10,000 in solicitor fees for RTK requests. That resident told me over the previous weekend that she was going to ask the township how much these RTK Requests cost the township, and that Monday she (the resident) announced that my husband and I have cost the township over \$10,000 (which is untrue).

Because of this pattern of noncompliance, **I am asking the OOR to determine if this a "bad faith" denial** (regardless of whether or not the township provides the missing records during this appeal).

Respectfully,
Michelle Grove

Mr. Gaines,

It appears that no attestation was sent by Supervisor/Alternate AORO Officer Keri Miller, who did send an email at 10:28 AM today (as shown in your last email submission) and who is the only person with "actual knowledge" of the messages to/from her official Supervisor FB page. If an attestation was sent to the OOR and not copied to me, please forward it to me for my records. Thank you.

Michelle,

I don't think it's necessary to have every supervisor provide an attestation regarding their own activities. Put another way, when you ask for all emails relating to a topic, and the RTKL officer reaches out to all employees and supervisors to ask for any and all responsive documents, we have never before gone through and obtained attestations from each of those individuals stating that they do not have responsive

records, and I don't want to start that practice now.

Please let me know if you have any questions. Thank you.

Hi David,

While that is true, in 2017-1433 the OOR asked for an attestation that the email server was searched. None was provided and the OOR granted that part of the appeal, because the township did not prove all of the records were provided. There is no server for Jennifer to check in this case, as only Supervisor/Alternate AORO has access.

Ms. Zeppos,

I received a request for mediation by Mr. Grove, noting that there may be a misunderstanding of the records sought. Casey, what is the misunderstanding? I agree that we can try to work it out, although I'd go a step further and say we likely won't need to burden the OOR mediators if the misunderstanding is straightforward.

Thank you.

David,

I am looking for email correspondence with the requested keywords within the time frame on the Request. I apologize for the miscommunication there.

Also looking for any other paper records in custody of the township - to/from GTWSA - within the same time frame. That should save Jennifer from searching by keywords through a potential year's worth of records. Those documents (I assume) should be easily accessible given the nature of our small township, as they would be retained/filed in the office as communications between township and the authority.

Email records can be emailed to me. A time for inspection on the paper docs can be arranged.

Hopefully this helps clarify & keeps this from getting into a long, drawn-out process.

Thanks,
Casey Grove

David,

I have not received any response from you. On May 3rd, you indicated that if there was a straightforward misunderstanding with the request - this would likely not require mediation by the OOR in your opinion. I immediately presented to you a straightforward solution that would result in less work and less time for the township. I am looking to make this as easy as possible for the township, while still obtaining rightful access to these public records in a timely fashion. Please let me know by the end of business May 17th if the township wishes to act upon this. Otherwise, I will submit a refined request with the township.

Thanks,
Casey Grove

David,

The narrower request is that it is for "emails"- not "any/all correspondence" described in the original March 24th request. What I am saying by feeling the need to submit a refined request is that if I don't have indication from the township that they are working on this request, I'll submit an official request adjusted to read "emails", not "any/all correspondence". The township has been dormant for 13 days, exhausting a request for mediation that you indicated was unlikely needed. So at this point, I'm wondering what the next steps are for the township after declining mediation.

Can you indicate whether the township is actively working on this request?

Thanks,
Casey Grove

On Thu, May 17, 2018 at 2:06 PM, David Gaines <dgaines@mkclaw.com> wrote:
Casey,

Thank you for getting back to me. One of the reasons for the delay is that the request still covers many hundreds of emails, even with the keywords. The offer to provide a narrower request is thus appreciated. Do you mind submitting that request in the coming days?

David

David,

I am not convinced that these are all the responsive records. Additionally, you indicated in your email that "Jen has sent me what **should be** all responsive emails to your request". Unfortunately, Gregg Township has a documented history (including very recently) of not providing all responsive records to requests, and "should be" provides me, as the Requester, with no definitive answer. The township response does also not include an attestation made under penalty of perjury; nor describes the methods for the search, who was contacted for records & whether they all got back to the open records officer, and whether the server was personally reviewed by the open records officer. Does the township plan on providing that?

Thanks,
Casey Grove

On Fri, May 18, 2018 at 1:34 PM, David Gaines <dgaines@mkclaw.com> wrote:
Casey,

We obviously disagree with your claim that the Township has been dormant for any period of time. While I did not communicate with you on this particular issue for a limited period of time - when the relevant deadline was still well into the future - we find ourselves working essentially every day on various RTKL requests for you or Michelle.

Regardless, I think we have a resolution to this matter. Jen has sent me what should be all responsive emails to your request. To be clear, the attached emails are all emails to and from the supervisors, Gil Morrison, and the water and sewer entities with your keywords. I believe this response will conclude this matter, but please let us know if you feel otherwise.

Thank you.

Thank you. This certainly explains why I did not receive it - it is addressed incorrectly, not to 103 Hidden Springs Ln as indicated on the Request and Appeal doc. Nor was I copied on the email dated May 22nd from the township. Submissions made outside of the rules of appeal should not be considered. Rules are rules.

Mr. Eilers,

I am in receipt of the township's response, postmarked May 30, 2018 (not May 29th as the Certificate of Service states). Also worth noting is that Jennifer's Attestation is not dated. As stated in my appeal, I did not receive any response to this request. Perhaps the township can forward the response to the OOR and myself to clear this up quickly. I am not sure why the township is unwilling to copy me by email on these submissions.

If the township is unable to forward their May 1st response (with original email headers intact for verification), **I request a "bad faith" ruling.** Gregg Township has a documented history of failing to comply with lawful orders to provide records. I can provide a current list of outstanding Final Determinations, if required.

I swear the facts I stated are true and correct to the best of my knowledge, information, and belief under 18 Pa. C.S. § 4904. I will send a second email with a picture of the postmark to support my statement.

Mr. Gaines,

I see in Jennifer's attestation that she claims no records exist. **Is it the township's position that there are no minutes being taken at closed meetings?**

Respectfully,
Michelle Grove

Is this the attachment you are looking for that shows the township's email response to Ms. Grove's RTK request dated April 30, 2018, which was sent on May 1, 2018? I have also included the original attestation.

JEN

Mr. Eilers,

I am in receipt of the township's response, postmarked May 30, 2018 (not May 29th as the Certificate of Service states). Also worth noting is that Jennifer's Attestation is not dated. As stated in my appeal, I did not receive any response to this request. Perhaps the township can forward the response to the OOR and myself to clear this up quickly. I am not sure why the township is unwilling to copy me by email on these submissions.

If the township is unable to forward their May 1st response (with original email headers intact for verification), I **request a "bad faith" ruling**. Gregg Township has a documented history of failing to comply with lawful orders to provide records. I can provide a current list of outstanding Final Determinations, if required.

I swear the facts I stated are true and correct to the best of my knowledge, information, and belief under 18 Pa. C.S. § 4904. I will send a second email with a picture of the postmark to support my statement.

Mr. Gaines,

I see in Jennifer's attestation that she claims no records exist. **Is it the township's position that there are no minutes being taken at closed meetings?**

Respectfully,

Michelle Grove

Just so everyone is aware of what is going on with this appeal, since Michelle feels the need to have an email petition for us to release these records, here is what is happening.

Michelle's RTK request asked for all Facebook posts, comments, and messages regarding R-18-02, video/audio recording, and "the Groves". We sent the only post that existed that fit any of those criteria. She appealed and sent (2) screen shots, one from my page of a post about the LGVR Bridge, and one from the Township's page about the LGVR bridge. We could not figure out why she sent those screen shots until after the final determination came back and we reviewed the screenshots again. We realized that she had sent screenshots of her own comments and comments from Constable Grove, saying that we did not include those per her request.

We did not send screenshots of comments made by Michelle Grove or Constable Grove because, first of all, they are their own comments which they already have access to, and second, they were not regarding "the Groves" nor any of the other requested criteria.

However, in an effort to not waste taxpayer money to fight this ridiculous appeal, Jen and I went through both of our pages and sent David screenshots last week of comments or messages on our pages made by anyone with the name "Grove" with the explanation to be sent to the OOR that we should not need to spend time sending screenshots of comments made by the requester on a public page to the requester, nor did the request ask for to/from "Grove", it said regarding "The Groves". We are just waiting on David to send the information.

We are not withholding information as she likes to try and make the public believe. We give her what exists per the criteria on her requests.

Keri

Ms. Higgins,

I am asking for a reconsideration, based on the following:

- 1) As submitted, I attempted to get the minutes from the accountant prior to filing this appeal. I was redirected back to the township office to get the minutes.
- 2) As submitted, the accountant told me he did not have time to deal with RTK Requests.
- 3) In Section 502 of the RTKL, an AORO is "an official or employee" of the agency. The accountant is not a member of the authority, nor is he an employee of the authority. The authority has one paid employee (Laron Horner) who is on the township's payroll because the authority is not set up to pay employees (according to the township).
- 4) As submitted, the accountant's office sent the minutes to the township immediately after I contacted the Chair of the authority asking how I could get the minutes.
- 5) As submitted, the sewer authority meets in the township building and followed the township's meeting rules at the last meeting.

I understand that in *most* cases, the sewer authority is accessed separately. In a neighboring municipality, I have obtained minutes directly from the authority. Gregg township is extremely rural and this is a dead end. The accountant told me (before I appealed) that he could not fulfill RTK Requests. I cannot get records from the Chair. It appears to me, the accountant cannot even be the AORO.

Respectfully,
Michelle Grove

Mr. Lorah,

The township wants to make me pay for hard copies because they claim the browsing history needs to be printed (on paper) and redacted to hide personal usage. Facebook was an example given to me by the Secretary when I asked her about this. She said Facebook usage could be personal or not personal, so the township would redact it. Another example given to me was the Secretary checking her personal email. Township owned computers are not personal devices. The computers are funded by taxpayers and the people who use them are paid by taxpayers. If they are spending 6 hours per day on Facebook or their own email, the public has a right to know. There is nothing I can think of that would be visible in the browser history that would meet one of the exemptions in the RTKL, nor did the township cite any exemptions in their response to me. If the Secretary logged into her bank account, for example, her password and account balance would not show in the browser history. I would only know she was on the bank's website.

Cc: secretary@greggtownship.org <secretary@greggtownship.org>

Mr. Eilers,

One of the Facebook pages I requested records from is not administered by Ms. Snyder, yet there is no attestation from the admin of that page. When I initially asked the township for an attestation from every admin (to avoid an appeal), the solicitor said they refused. That correspondence was submitted with my appeal.

Gregg township has a history of non-compliance with the RTKL and currently has two Final Determinations from last year outstanding. It is a common occurrence for the township to come up with more records later, after being challenged. [I will forward you recent evidence of this.] I don't believe a thorough search was completed. I don't believe Ms. Snyder even attempted to use the search function, otherwise the images below would have come up for sure:

your comment, Kyle. I mentioned in my comment above that it is in part due to regulations and requirements from various agencies involved since it is a "High Quality" stream. Funding is not the issue, that is already secured.

Like Reply 10w 2

 Michelle Grove Supervisor Miller, can you share with us when TIP funding to replace the bridge was applied for, how much (in dollars) the Commissioners have agreed to fund, and when the Commissioners made the decision to do that? Thanks.

 Keri Miller - Gregg Township Supervisor: Thank you for your questions. I can not answer regarding decisions that were made prior to my time in office. This is the direction that the previous Board of Supervisors chose to take after considering the costs of continuous repairs and abiding by regulations from the state. As with most decisions, there are multiple options and this is the one that was chosen by the previous board.

Keri Miller - Gregg Township Supervisor I have not had a response from Mr. Stover. He mentioned at the township meeting that he would make whatever worked best for the members of the OGSAB work for his schedule. The meeting time was requested from the president of the OGSAB and was sent out to everyone on both boards.

All that was provided was a snap of ONE post about R-18-02. I will forward it. I find it very hard to believe that this is all there is, considering how controversial these topics have been in our community.

To: David Gaines <dgaines@mkclaw.com>

David,

I am in receipt of your letter dated May 15th regarding AP 2018-0556. As usual, your letter has a creative spin on the facts. "You made it clear throughout this process that you would like affidavits from every representative of the township" is false. I asked for an attestation from the Alternate AORO, who happens to have exclusive control over some of the records I have recently requested. This is no accident, as she is concealing records currently - maybe even from you, as you seemed to have no knowledge of the submission I made in the other appeal which included an email from her to Centre County as evidence.

At no point did Jennifer claim to have conducted a search of these records herself. "To be clear, you are already aware of these records." I was not aware of Cindy Grove's message to the Gregg Township page. I am aware of other correspondence and that is what I am seeking copies of. Sure I have some records already, but they were not provided by Gregg Township. Clearly the Alternate AORO is unwilling to provide an attestation under penalty of perjury. We will continue to litigate this issue if the township does not meet its burden soon. These recent requests are more important to me than the previous FDs the township has not complied with, so I am not going to let them slide.

While I have your attention, can you explain why the township told the Sheriff's Office and PSP (twice now) that they do not have surveillance of my husband's personal property being run over on four occasions? Jennifer told me they do and the footage is "saved." The Supervisors seem concerned about more recent vandalism, but are totally ignoring the evidence they have had for months (according to Jennifer) of repeat vandalism taking place on the township's property. Any other municipality would turn over the evidence they have been sitting on for months to the police, and consider the repeat vandal as their #1 suspect for the other vandalism. The only way it doesn't make sense to do that is if the township is protecting the repeat vandal!

Additionally, Ms. Miller should follow her own advice and not be the only keyholder to her digital communications. She had a huge problem with Supervisor Stover managing a (private) donation account, and she directed the OGSAB to get township email addresses. It's in the minutes.

Michelle Grove

Mr. Eilers,

There is no separate attestation. Would you like me to have Ms. Snyder attest that there are no other responsive documents so far as she is concerned?

Thank you.

David

Dear Attorney Gaines:

You refer to a sworn statement attesting that, aside from the records already provided to Ms. Grove, no responsive records exist. The only attestation on record in this matter is attached. If another attestation was provided to Ms. Grove, please forward it to me at your earliest convenience. Please ensure that Ms. Grove is copied.

Sincerely,

Blake Eilers, Esq.

Michelle,

We're not going to do that - among other reasons, we have already spent a large amount of time processing the recent requests, and we need to move on to other matters.

Let me know if you have any questions. Thank you.

Gregg Township - Constable Issue

4 messages

Keri Miller <kerimiller.greggtownship@gmail.com>

Wed, Jan 24, 2018 at 1:03 PM

To: mike@centrecountypa.gov

Hello, Commissioner Pipe!

This is Keri Miller from Gregg Township (Spring Mills), friends with Ashley. We are having an issue in Gregg Township with the newly elected Constable and was advised to inform a number of offices of the issue.

Please review his website www.constablegrove.com and make sure to read the (2) resolutions in detail that he has written and his letter to the board of supervisors. I am having numerous residents contacting me concerned with his assumed authority especially concerning the resolutions he has created.

I don't believe there is anything specifically from your board that can be done concerning this at this point, but I wanted to start the communications for awareness purposes. You may already be aware since this particular person has been involved in cases against the PSP and other issues.

Let me know if there is time for further conversations regarding this and if there is a time appropriate to meet with you and/or the board of commissioners.

Thank you for your time.
