

**A message from Joel Myers, Gregg Township Supervisor,
to the residents of Gregg Township and others in the Penns Valley Area:**

It has been a privilege to serve the residents of Gregg Township as a Supervisor for the past seven years and as chairman for the past four years. I want to thank the board members and all those who have supported Gregg Township through being members of boards, committees and authorities.

During the past seven years, we have all worked hard to serve our residents by maintaining our roads, our buildings, grounds and services to promote overall safety and welfare for our township. During this period of time, we found it necessary to raise property taxes by one mil, the first increase in taxes in over fifteen years. This enabled us to increase funds for the rising costs of road maintenance and meet the needs to cover increases in expenditures. We have used funds specifically earmarked for recreation to support and enhance our property in Gregg Township. In regard to the development of Tri-Municipal Park, grants and donations are being used as much as possible to make our dedicated amount of funding stretch further. As a Board, we have also enhanced property rights by making several modification in our subdivision regulations to offer residents additional flexibility.

This past year, Keri Miller indicated her desire to become a township supervisor to continue the service that we are providing to our residents. She is an exceptional individual with a strong desire, energy and background to help lead our township into the next decade.

As I serve the last few months as supervisor, I feel confident that "Better Together" and a vote for Keri Miller, is the proper direction for Gregg Township.
